Ah 8/6/68

Dear [redacted],

Many thanks ltr 8/4 and biblic. Ordered rightist directory but extra copy always useable and often these people dislike me enough to ignore letters.

The only one of my responses to Lifton and Thornley contains a reference to the earlier one in Coen City. Therefore, they either did not print it or did, which I do not know. I have the original by both, Lifton's second, Thornley's letter in response to but one of mine (the other seems to have been avoided if published). I hear Kerry is planning to sue me. Douht if he is that stupid, but I want to keep up with everything they say in case. For your information, I had nothing to do with either his arrest or his indictment. I have looked into him some and what I find is not what Lifton talks about, not in any way or sense, as ultimately Dave will learn. He cannot be told in advance for he will not listen. If Dave could only recall how absolutely positive he was about the papier mache trees, hemmight think about this a bit. But, please, keep me posted at least on what they print....Waiting to hear from Wsh CCI. Wrote t while back....Do you have copy Gun's book or know how I can get?... What do you know about Hastings Oswald?...Thornley's Oswald was not pribately published. New Clasics, Chicago, since reorganized. His Idle Warriors was not, to the best of my knowledge ever published, privately or otherwise. Am I wrong?...If you do list again, why not add what you can and also, with books like mine, include how to get. You also ignore two permanent deitions, my first two. Dell has these off market in most places, so no alternative anyway....If you do age write Gary Schoener, Box 392, Mayo Hospital, Dept Psych and Psych., Univ Min , Minneapolis, Minn., 55455. He knows of others....Can some one do something about getting my rifle here? I now have right sight want to do some work with it, when I can. I now have three unpublish books, Latest done is CIUO D'ETAT, on all assassinations. POST MORTEM I haven't been able to touch since I saw you. Other on what I regard as a great hazard we will all face that I'll explain when I'm out there again in unread rough draft, just finished. Vince S read two done and things they are best yet. Best regards to all,

H.

4 August 1968

Dear Harold:

Good to hear from you after such a long silence. Regarding Open City, at least one more series of articles appeared along with rebuttal letters from Lifton, Thornley and yourself(I have no way of knowing if it was your first letter). I ordinarily do not read O.C., but I will procure the back issues you are interested in and mail them to you.

I've culled through our local files on NSRP and I do believe that you have all of it. However, the Washington State CCI and one other local source may yet have something and I've already sent out requests.

A publication which may be of some interest to you has arrived here, unsolicited and in a plain brown wrapper. No, its not a copy of Eros. Rather, it is entitled "First National Directory of 'Rightist' Groups, Publications and Some Individuals in the United States(and Some Foreign Countries); Sixth Edition; Alert Americans Association. Their mailing address is: PO Box 1222, Los Angeles, Ca. 90053. A price of three dollars is presumed according to the inside front page, but no bill accompanied the mailing. There are 4,958 names and addresses, including NSRP. If I get another copy I will send it to you; if you should get your own copy, note #'s 1568 and 2974 for starters.

I am enclosing my latest books-bibliography up-date; I am looking forward to your latest and would certainly like to receive an early copy. Steve B. will be back in about four more weeks; I don't think he had any plans to stop in the East. Please keep in touch--if there is anything more that I can do to assist you, just ask.

Regards,

Allan Swartz
